Art Unit: 3751

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-4,6-10,12, 14 and 16 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. No support is found for the phrase, "a fitting connection for connecting the showerhead to a hose" added to claim 1, nor the substance of claim 2. Applicant on page 5, paragraph 4, of the remarks refers to paragraph 16 of the disclosure in support of claim 2; however, this area merely alludes to some alternatives of the hose connection. No specifics are shown or disclosed to provide support for the substance of claim 2. As to the claim 1 substance, there is simply no "fitting connection" disclosed or shown. Element 6 is a "conical holder" as set forth on page 5 and may be pivoted, thus providing no support for this term.

Claims 5 and 15 are allowed.

Gransow et al is not applied due to the uncertain nature of the claims, but may be pertinent latter.

Any inquiry concerning this communication should be directed to Charles E. Phillips at telephone number 571-272-4893.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
